LETTER OF RECOMMENDATION

It is glad to recommend **Mr. APPALI VENKATA PHANI BHARATH** for higher studies abroad. He is one of the best students I have identified in my presence during the period of study. His evidence of knowledge and skills for the chosen core subject made him an ideal fit for the MS course.

Mr. APPALI VENKATA PHANI BHARATH is a nice student having good discipline during the tenure of his study of his Bachelor degree. He's being a great leader who is willing to improve his knowledge with other competitors and learn new skills.

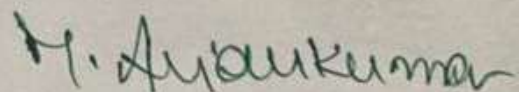

His strengths are impressive as his will power and intelligence to understand and take the forward step to increase his potentiality in the concern subject. His presence in class with good nature he can mingle with all the people and clarify the things for the fellow students. He is a very perfect person to deal group projects during the study; He proved his outstanding performance to lead the upcoming stage. His wonderful nature and openness always allow him to learn and grow as a very good learner; this will continue to serve him well in selected academic institution. He is very kind of more energetic, and curious student that helped to create a cooperative atmosphere to handle intellectual tasks.
