Grade System

Performance of the student is evaluated during the trimester by Continuous Course Assessment, Lab Course Assessment, and Term End Examinations. The combination of CCA, LCA and TEE Marks obtained by the student is used to determine his/her Grade in that course by the absolute grading system.

Details of 10- Point Grade System

Letter Grade	O	A+	A	B+	B	C	P	F	AB	R	DEF
	Outstanding	Excellent	Very Good	Good	Above Average	Average	Pass	Fail	Absent	Repeater	Deficit
Grade Points	10	9	8	7	6	5	4	0	0	-	-
Marks Range (%)	80-100	70-79	60-69	55-59	50-54	45-49	40-44	<40	AB	R	DEF

Computation of GPA and CGPA:

The University follows the following procedure to compute the Grade Point Average (GPA). GPA is the ratio of summation of the product of the number of credits with the grade points scored by a student in all the courses taken by a student in trimester/annual and the sum of the number of credits of all the courses undergone by a student, i.e.

$$GPA = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

Where C_i is the number of credits of the i^{th} course, and G_i is the grade point scored by the student in the i^{th} course.

CGPA is calculated by dividing the total number of credit points earned by the total number of course credits.

For Example: -If a Student has gained 6.95 GPA and earned 20 credits in trimester I and has gained 7.8 GPA and earned 22 credits in trimester II, then CGPA will be calculated as below

$$CGPA = \frac{6.95 \times 20 + 7.8 \times 22}{(20 + 22)} = \frac{139 + 171.6}{20 + 22} = \frac{310.6}{42} = 7.34$$

Conversion from Grade Point Average to Equivalent Percentage of Marks (On a 10 Point Scale as per AICTE)

$$\text{Equivalent Percentage of Marks} = \begin{matrix} \text{For each trimester (GPA - 0.75)10} \\ \text{For all trimester (CGPA - 0.75)10} \end{matrix}$$

Class	CGPA
Second Class :	5.00 – 6.74
First Class :	6.75 – 7.74
First Class with Distinction :	≥ 7.75
