

Letter of Recommendation
(Reference: Sooraj Swain)

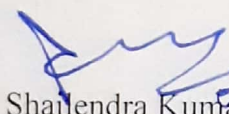

It is my pleasure to endorse the candidature of Mr. Sooraj Swain for the application of Master's Program at your esteemed university. I know him in the capacity of his professor and his project guide. Based on my observations he possesses excellent analytical ability and acute sense of reasoning supplemented with positive academic approach.

I have guided him over his graduation project entitled "Desiccant Dehumidification and Air Conditioning" during his seventh and eighth semesters and have taught Machining Process and Production Technology – II. During this period of time, Sooraj acquitted himself well, working energetically, with a critical approach. He has the capability to put forth ideas in conjunction with being a good organizer and a team leader.

Besides academics, he is also a member of Indian Society of Heating, Refrigeration and Air Conditioning and co-head of Literary Affairs Committee displaying adeptness at organizational skills and approachability.

I evaluate Sooraj Swain as intelligent, dependable and dedicated student who always tries to achieve his goals. I strongly recommend him for admission at your university.

Sincerely,
