Subject: About Seeking admission in “MBA” with Research interest Accounting & Finance in the upcoming session- Cover Letter.

Dear Sir/Madam,

My name is Pradeep Kumar Gupta. I belong to India. I express my gratitude from the bottom of my heart to pen down a Statement of Purpose for seeking admission in the MBA program With research interest Accounting and Finance from yours prestigious UC Riverside Business School USA. I come to know about this program through my Educational consultant Access MBA – Advent group.

I have completed my master's degree two years full-time residential course “MBA (Business Economics)” from C.S.J.M. University campus, Kanpur a leading state university in India. I have done my graduation three years of bachelor degree program ‘BA’ in English Language, History, and Economics from the same university. And I have done my schooling Secondary & Higher Secondary education seven-year residential program from Jawahar Navodaya Vidyalaya (JNV) Rae Bareli, India with subjects – Physics, Chemistry, Mathematics, Biology, English, Hindi, Social Sciences, etc. I finished my internships at accounts department and planning office of Modern Coach Factory Rae Bareli, a ministry of railways government of India’s enterprise with outcome Excellent in certification. Currently, I am working as Development Officer in an MNC in the finance sector living in India, and also Financial Advisor in another company; having more than five years of work experience in different areas including FMCG, Real estate, retails, and in Education Sector.

I am a good learner, sincere, and hard-working student. My basic purpose to join this program is off course, to get the quality education from world famous institution, and to grab the better opportunities to build-up a better career in future. USA has the world class education system, best faculties and a good place to learn and to be skilled. I am not satisfied with my current education. I feel some shortcomings and want to improve it. I want to gain more knowledge and more skills, so that I could do better in my life in future.

Learning and studying is my passion. We Indians believe in the philosophy “Vasudhaiva Kutumbakam” meaning the whole world is a family. I want to gain global experiences. I want to work and to serve globally. I found the course very interesting and relevant to me. And it also matched my career path building and dream. I found UC Riverside Business School a great institution that has international recognition and reputation.

“Come to learn, go for service” is my principle. My contribution to my fellow learner will be friendly, cooperative, and mutually beneficial. And my contribution to the school will be economically, physically, and educationally as much as I can. Overall I will be a good student.

I am confident that the overall opportunity to study in Europe will broaden my horizons and give me an opportunity to gain a world-class education and help me become an excellent world citizen.

I would therefore feel obliged to be able to secure admission in your prestigious Business school with full financial assistance and pursue my MBA/MS (Accounting and Finance, Business Analytics) program. I am sure that I will match all the credentials and will be able to maintain high standards at your Institute.

Thanking you.

Yours' sincerely

Pradeep Kumar Gupta

Rae Bareli, India
