SCIENCE AND TECHNOLOGY, PUTTUR**  
(AUTONOMOUS)

**Dr. M. A. Manivasagam, M. Tech, Ph.D.**

**Date: 19-11-2020**

Head of the Computer Science & Engineering Department

Siddhartha institute of science and technology, Puttur

Email: mvsistk@gmail.com

**LETTER OF RECOMMENDATION**

I am glad to recommend **Mr. Karnatam Praveenkumar Reddy** who is a prospective student for your master's graduation program. As the professor and Head of Computer Science Department. I have known him for a year as a student of Computer Science & Engineering at Siddhartha Institute of Science and Technology, Puttur which is affiliated to Jawaharlal Nehru Technological University Anantapur(JNTUA).

He is a sincere and hardworking student with unparalleled self-drive to excel in his chosen field of studies. He has been consistent in his academic performance throughout his studies. His ability to ask the right questions and conduct his own research and studies out of the classroom not only helped facilitate enriching discussions in the class but also reflected his research potential. For his final year thesis project, he worked under my supervision on **"Analysis of malicious and benign accounts in online social network using supervised machine learning algorithms"**.

For this project, he worked with a tremendous amount of perseverance and dedication, which I rate as one of the most important characteristics a student should possess. His ability to understand the basic concepts helps him to find solutions to problems. He propounds his ideas in a lucid manner which is laudable. He has the ability to accelerate his knowledge through the practical approach and come to a conclusion on various issues. Besides academics and projects, I know that Mr. Karnatam has undergone an internship to gain practical experience. In fact, it is his experience in industries that have motivated him to pursue higher studies to gain advanced knowledge and enhance his professional skills.

**Mr. Praveenkumar** has strong interpersonal skills, self-motivation, the ability to remain grounded and his conviction towards work make me strongly support his application wholeheartedly and would highly recommend him to your prestigious University with possible financial assistance. I would be happy to communicate with you if you would require any additional information.

  
**Dr. M. A. Manivasagam**

**HEAD**

Dept. of Computer Science and Engineering
