

AMITYUNIVERSITY

UTTAR PRADESH

TO WHOM IT MAY CONCERN

As the Assistant Professor and Placement team member of Amity Institute of Information Technology (AIIT). With immense pleasure, I am writing this reference letter in support of Nancy vishwas who is applying to the Masters in Management & Technology at your esteemed University. I have known Nancy in my capacity as her Professor for over three years now during which, I taught her Cyber and Information Technology and Term paper Guide respectively. Through my observation, I would like to say that she is attentive and studious and possesses a positive attitude towards academics.

Throughout her course of study, Nancy has shown great interest in practical learning techniques. We engaged in several courses and research related discussions in which, she confidently talked about her aspirations towards higher education. For her project, she chose the topic of 'ISSUES AND CHALLENGES IN IoT APPLICATION'. Besides this, she has also gained experience in numerous simple concepts that are highly valuable for the future generation.

Besides the academic record, Nancy's participation in seminars, Sangathan (Annual Sport Meet), volleyball and cultural club activities, clearly displays her interest in the creative sector. As a person who is always ready to take up responsibility, she carries out her duties with immense dedication.

Throughout the year Nancy's was an active participant in our discussions. I am certain that Nancy's is going to continue to do great and creative things in future and stand-out as an individual at your University.

Hence, I strongly recommend her to be considered as the potential candidate for admission to the master's program in your esteemed university. I believe she can meet the high standards set by your college. I whole heartedly recommend her and wish her the very best in all future endeavours.

Yours sincerely,

Ms. Sudhriti Sengupta

Assistant Professor

Amity Institute of Information Technology
