

Statement of Purpose – Finance

Financial professionals in the modern age play an important role in shaping the global economy and the future direction it will take. As I approach the end of my undergraduate education and consider my future goals, it is clear that pursuing a master's degree in finance would be the wisest choice. My interest in finance stems from a variety of factors. I have always had natural talents with numbers and analysis, and the field of finance thus naturally suits me. The prospect of working in this industry on an international scale excites me greatly, and to achieve this goal I am applying to your master's program.

I have completed .My post graduation.mba marketing but I have interest in making career in finance stream. So i would like to take admission in masters program with a concentration in Finance from The University of Law, GISMA business school which is among the most highly ranked colleges in the country. In this course of study, I have built an extensive foundation of knowledge in areas including financial analysis, investment, micro- and macro-economics, derivatives, and risk management. My overall scores have been good, with especially high scores in finance-related courses, which is due to my strong interest in the subject. After my masters I did work with **Kesav Prkashan as a Marketing Executive** and I have a 4 and half year experience in marketing field .

After completion of your program, I expect to possess highly practical financial skills and the flexibility necessary to work in international settings in the future. My career goal is to become a leading financial analyst b and develop a career that is rewarding in terms of both the financial and personal rewards.
