To whomsoever it may concern

I am pleased to accept this opportunity to recommend Ms Dheeptha M (USN: 1BM16AT025) to your esteemed university, for the master's program. I hope that this letter will help explain her excellence and illustrate my most profound support for her. She is an outstanding person and an incredibly promising student who will make a significant contribution to your curriculum. In my capacity as a professor, I have seen Dheeptha since the first year of her college.

Through my observation, I honestly claim that she is an attentive, conscientious, and enthusiastic person. Throughout her course of study, Dheeptha has always stood out with her ability to express diverse ideas, and her zeal for producing the desired outcomes. We participated in conversations where she was driven to recognize the urban issues of the cities, their complexities and larger framework under which they operate. She also showcases excellent coordination and commitment in her learning and research sessions and is highly self-motivated.

Dheeptha's engagement in design competitions and seminars beyond studio hours reflects her interest in architecture. In addition to her academic record, Dheeptha regularly participated and volunteered at college fests and activities. As a person who is always willing to take on responsibilities, she performs her duties with tremendous commitment, while being of help to her peers, when required.

In summary, I am sure Dheeptha's tenacity and sincerity will drive her to significant and unique opportunities in the future. She has my greatest endorsement for entry to her preferred university course. If you have any concerns about my recommendation, please feel free to email me, and I would happily try to help you.

Yours sincerely,

Maithily Velangi
