

Ms. Nighat Khanam
Saiyyid Hamid Senior Secondary School
Aligarh, 202001

24th November 2021

To whom it may concern,
Mobashshir has been my student for the last two years at Saiyyid Hamid Senior Secondary School, a maintained institution of Aligarh Muslim University.

He has maintained high grades in the two years he has studied here and completed his 12th grade with an exceptional score of 95 out of 100 in mathematics. He has often demonstrated excellent critical thinking ability and discipline.

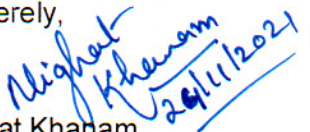

He not only excelled academically but was also an active participant in co-curricular activities, such as debating, sports and leadership activities in his residence. Not only I but many of his teachers speak highly of him too. I am honoured to be endorsing him for his future studies and I am sure he will succeed in every aspect of his life.

His ability to connect with people is brilliant. He also has excellent verbal and written communication skills. When working in a team, he has an excellent rapport with his teammates and is compassionate towards the needs of others.

As a person who takes responsibility as soon as the opportunity arises, he carries out his duties with immense dedication.

I sincerely believe Mobashshir will bring his unique energy, optimism, passion, and tireless creativity to your class and university as a whole. He will be a tremendous asset to you in the undergraduate program. If there are any queries regarding his background and other matters, feel free to contact me at nighatkhanam@amuschools.org

Sincerely,

Nighat Khanam
