Date: 08- May- 2018

Letter of Internship Experience

I Dr. Nanda Appaji, Research associate and Research Director, BERL, ESC, would like to introduce Archana, J V who worked as a research data analyst for her Internship during August 2017 –April 2018. Her experience, advice and analysis have been of great help in computing the research objectivities. She extended her skills in Deep learning and modeling our biodiversity data especially phenology (the seasonal life cycle of plants) assisted with the team members on next step of research actions.

I feel confident that she will continue to succeed in her future studies. I extend my wishes for her future studies and research avenues. If you have any questions regarding this letter feel free to contact.

DR.NANDA, A MSc., Ph.D.

Research Associate / Research Director
