

MAHATMA GANDHI INSTITUTE OF TECHNOLOGY

LETTER OF RECOMMENDATION

P. VEERA BHADRA KUMARI

Assistant Professor,

EEE Department,

Email: kumaripvb@gmail.com

Mobile: +91- 9848066831

To Admissions Committee,

I had known Pambala Abhilash for the past three year and I taught him several subjects such as Electromagnetic fields(EMF),Power Electronics, Power Semiconductor Drives(PSD) and Utilisation of electric power in his bachelors program, both theoretical and practical. It gives me immense pleasure to recommend Abhilash for the master's program at your university. He is a quick learner and also a obedient student.

Abhilash has a good academic score. He is good at both theoretical and practical and completes the experiments with accurate values. Also assignment submitted by him shows his out of box thinking about subject and his enthusiasm towards it. Even though he faces some problems while learning subject, but he overcomes it by his hard work and efforts.

I am also his one of the project reviewers in the final year of his bachelors program. The presentation about the project and data collected by him was marvelous. He is also very good at communication skills and time management. This skills helped him in the success of his final year project

Abhilash is well prepared for graduate school. The internships done by him at reputed bodies enhanced his industrial experience and skills, deepened the practical skills that is needed for industry and a graduate program. I strongly recommend Abhilash for his graduate studies at your university. Please contact me for any clarification.

Sincerely,

P.V.B. Kumari
