Sol Bridge International School of Business

Daejon, South Korea.

Subject: **Recommendation for admission in college.**

Dear Sir/Madam,

It is a great pleasure to recommend Anushka Saini, for admission to your institution. Teaching her Commerce in classes XI and XII was an interesting experience. From the very first day she impressed me with her ability to be articulate about difficult concepts and texts, her sensitivity in understanding subject and her passion for reading, writing and creative expression.

I, highly recommend her for admission to your institution, as she is diligent, caring, intuitive, dedicated and focused in her pursuits.

Please feel free to contact me for any further inquiry, if required.

Thanking you

Subject: **Recommendation for admission in college.**

Dear Sir/Madam,

It is a great pleasure to recommend Anushka Saini, for admission to your institution. Teaching her English in classes XI and XII was an interesting experience. From the very first day she impressed me with her ability to be articulate about difficult concepts and texts, her sensitivity in understanding literature and her passion for reading, writing and creative expression. She spoke clearly and eloquently in debate competitions.

Anushka Saini is dedicated to her literary pursuits. Her self composed poems have always been published in school literary magazine. She is an insightful, sensitive and deeply self aware individual. She has always been supportive and her caring nature is praiseworthy.

I, highly recommend her for admission to your institution, as she is diligent, caring, intuitive, dedicated and focused in her pursuits.

Please feel free to contact me for any further inquiry, if required.

Thanking you
