LETTER OF RECOMMENDATION

It gives me great pleasure to recommend my student Riya Rajeev for the graduate programme at your University. I have known her for more than two years.

She possesses a strong desire to learn things. She has presented Projects during her course. She has the capacity to work effectively and independently as well.

I did notice her skills in group activities, which has been commendable as she enjoys working along with her peers. She gets along with all her teachers and has not been the subject of any complaint.

I believe that Riya Rajeev will prove to be a good student and can perform well in her academics. I strongly recommend her for the programme at your esteemed University.

Sincerely,

Class Teacher,

Rekha P S

Amrita Vidyalayam Kodungallur
