LETTER OF RECOMMENDATION

In my capacity as a Lecturer, I have known **RAO SAMAR PRABHASHANKAR** from the academic year 2017. She studied the 3 Year B.Sc in Hospitality and Hotel Administration bearing NCHM Roll No. 1741105174 during the year 2017-20. During this time, I have had the pleasure of teaching her subjects such as Front Office Management and Research Project. As I have also been her Placement In-charge, I have seen **RAO SAMAR PRABHASHANKAR** grow through the three years of college, and I am astounded at the strides she has made in her academic, technical and leadership capabilities.

From the beginning of the course, she has embodied the very concept of being a passionate student. She always brought novel approaches to all projects and assignment work handed out to her. In all the practical work, she was invariably the first person to emanate the correct method and be able to follow technical lab instructions immaculately. I personally believe she is the right talent needed for higher education and research work.

She was one among the few to get trained in *Trident Bandra Kurla, Mumbai* as part of the 4 months Industrial Exposure Training during her second year of study. After getting trained, she went on to share the experience garnered with her juniors which gave them the clarity and vision in their preparation towards top star rated hospitality establishments in our country. This is a testament of her good interpersonal skills

RAO SAMAR PRABHASHANKAR is good at planning and scheduling things. She plans ahead in advance and also executes without fearing any failure. Her final year research project named '*Role of Strategic Management in the Hospitality Industry*' involved intensive surveying and lot of laborious work for collection of data from multiple sources and constantly reviewing. Despite having other commitments, she could finish the project well before time and went on to impress the director of a marketing firm. This is how I believe that she can positively contribute to the research-intensive atmosphere of the university.

Based on my observation of her abilities, I strongly believe she has the potential to be an outstanding student at your university. Although she has a chance to follow her Master's Degree at our Institute without any additional obstacles, she is determined to face higher and new challenges and, stronger competitions in another country. I have strong confidence that your faculty will provide her with new opportunities to progress her knowledge and skills. She will certainly be the kind of alumnus that you will be proud of!

Hence, I would **strongly recommend** her for admission at your university for Master's program with full financial aid. I wish **RAO SAMAR PRABHASHANKAR** all success in her future endeavors.

With best regards

Dr. J. Eugene
Lecturer
