LETTER OF RECOMMENDATION

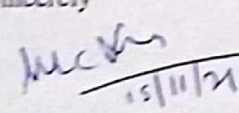

It is my immense pleasure to write this letter of recommendation for **Pranjeet Paul** in support of his application for admission in postgraduate program for your university. I have taught him from 1st year of Bsc. Microbiology 3 years integrated course.

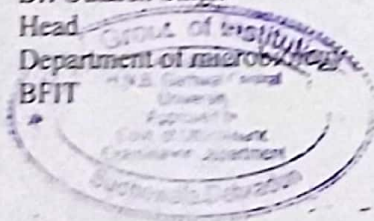

During his graduation course, Pranjeet has extremely diligent and hard working. He has regular in attending lecture also. He is an opinionated individual who has a knack of convincing with reason and always actively participated in all classroom discussions. He is a very well mannered student and always submitted his assignment on time.

The combination of inquisitiveness, tenacity, analytical abilities and good communication skills in Pranjeet is unique. He has also shown good teamwork group assignment allotted to him.

I recommended his strongly for this course at your esteemed University. I Believe that he possess intelligence, good communication skills, analytical abilities and a positive attitude required to excel in the course. I am sure, given the chance He will be asset to your university.

Sincerely

Dr. Utkarsh Singh
Head
Department of microbiology
BFIT
