Letter of Recommendation

To whom it may concern

I am writing this letter of recommendation in favour of my student, Ms. Mariyam Rahaman. She is a pass out student of Journalism and Mass Communication at Amity University, Kolkata where I had worked from 2016 uptill 2023, and where she has pursued the bachelors course. She has been one of our obedient and diligent students who has shown progressive results both in her academics and co-curricular activities.

For the last five years, I have come to know Mariyam quite well and can firmly attest to her dedication towards the field of Journalism and mass communication. Her curious nature and tendency to ask questions has made her one of the most distinguished students of her batch. I have been teaching her from the first semester and have seen her progressing over the years. Mariyam is a curious person and has a knack for asking questions and engaging in healthy class debates where she puts forward his perspectives. Her presence of mind aided with her curious drive for writing and journalism made her one of the most dedicated students of her class. Mariyam holds a perfect blend of analytical and creative thinking which will aid her in her future.

Mariyam, apart from her academics has also indulged herself in various extra-curricular activities where she wrote, shot and edited a couple of short films while representing the University. She also possesses an active knowledge of current affairs and has taken part in quizzes. Thus, expanding her list of co-curricular achievements. Looking at her academic and co-curricular contributions and achievements, I can safely suggest that Mariyam prefers her quality of work over quantity.

To sum it up, I strongly believe her accomplishments aided with her excellence and unwavering determination makes her an outstanding candidate for your esteemed university. Therefore, it is with great pleasure that I strongly recommended her for higher studies at your reputed University.

With regards,

Dr. Pramiti Roy
