Letter of recommendation

I am delighted to write this letter of recommendation for Miss. Salvita Lopes, who is seeking admission into a Master's program in Global Business to your esteemed institution. I have known Salvita Lopes for the tenure of 2021-2023 and can attest to her exceptional abilities, diligence, and character. I had taught her Retail management in her sixth semester of third year and found her to be participative and knowledge seeking.

She has been a consistent performer in my subject, and currently has a CGPA of 6.63. Salvita Lopes is very good at the concepts and knows how to apply those in various practical scenarios. Her approach to mastering a concept is strengthening her basics, which makes her stand out from a considerable pool of students. I have had the opportunity to closely observe Salvita Lopes academic pursuits and their performance for undergraduate program in Business Administration at Peopletree Education Societies college of BBA, B. Com and BCA. Throughout her undergraduate studies, she has consistently demonstrated an exceptional understanding of fundamental concepts and an ability to apply them to real-world scenarios.

Her academic achievements are a testament to her hard work and dedication. Aside from her academic achievements, Salvita Lopes is a highly motivated and conscientious individual who possesses excellent problem-solving and analytical skills. She has consistently shown a passion for Business administration and a desire to learn more about the subject. Aside from her substantial participation in co-curricular activities and good academics. During the pandemic, he made a point to undergo some very important online certification courses to enhance his skills. What impresses me the most is the fact that her internships are related to the course she has opted, which makes her more qualified for this program. Her academic record, combined with her passion for the field, is an excellent indicator of her potential to succeed in graduate studies. I believe that she will make valuable contributions to the program and be an asset to the institution.

Therefore, I highly recommend Salvita Lopes for admission to the Master's program in Global Business at your university. I am confident that she will make a valuable contribution to your academic community and excel in their studies. If you require any further information, please do not hesitate to contact me.

Sincerely
