STATEMENT OF PURPOSE

I, Gurkirat Singh, completed my higher secondary schooling from Mata Gujri Public School, New Delhi India with Humanities stream. I consciously chose humanities in 11th standard since I always wanted to pursue the field of teaching and wished to enhance my knowledge of society and its political system. I am a person with great desires of being a successful professional and best education and training is must for that. I am lucky that my parents always supported me to live my dreams and achieve my goals through best qualification.

WHY AEC- TECHNIQUES OF EARLY CHILDHOOD EDUCATION?

Education is a very dynamic industry. I feel right education is the base to achieve every goal of life. Guiding his/her students towards the right direction is a great responsibility of every teacher/mentor. I wish to grow as an education professional and would love to learn innovative techniques of teaching. There's incredible room for growth in the field.

I understand that in order to cope up with the changes in the Education field, professionals need the fundamental skills and knowledge to adapt to the latest developments.

As I am entering a very crucial stage of my life, I need to make some important academic decisions that will have a significant impact on my future life and career.

After a deep research, I figured that a program having Techniques of Early Childhood Education will be best suited for me. Learning the general techniques of Early Childhood Education will provide me the versatility to work in a variety of Education industries. Hence, I decided to pursue **AEC – Techniques of Early Childhood Education at Canada College, Montreal Canada.**

It is a two year diploma program which will help me to learn how to manage the physical, material and educational organization of the daycare service, make interventions related to the overall development and integration of children, make interventions related to basic care, safety and well-being of the child, maintain professional relationships with parents, staff and partners, manage human and financial resources, organize and hold meetings ,and develop personally and professionally.

The program is mainly designed to enhance the nursery (pre-primary) level teaching techniques. This course will help me in areas like child education, teaching methodology, nursery level subjects & communication, and will turn 10+2 me into skilled nursery teachers.

Pre-primary level teachers play a key role in moulding the character, morals and habits of children. To thrive in this profession, one must have perfect education and training. I am pretty sure that this program will help me to do so.

I have learnt that education is the basic requirement to survive in today's competitive world. I think a good education will not only help me in getting educated for my own betterment but will help me gain a status in the society. Indian education system is only focused on theory-based study which may not help me to be job ready and have required exposure. So, I thought about international studies, specifically Canadian Education, due to its high quality and career focused education system.

FUTURE PLANS

This program aims to improve the capability of dealing with kids who have just stepped into the world of formal education. I would acquire a systematic approach to identify problems, their solutions and ability to make competent decisions.

After completion of this course, I will be able to work with employers from different fields - early Childhood Centre, Nursery, Home daycare, School daycare, daycare center. There is a dire need for trained and educated professionals in this field and a course from a reputed College and advanced country such as Canada will make me the most suitable candidate.

I am looking forward to a positive reply and a chance to live my dreams of pursuing this course.

Thank you for your valuable consideration

Instructions to the client

This information sheet outlines the status of the immigration health examinations that you have undertaken at an eMedical clinic.

Note: the status of an individual examination will not appear as "Complete" in the Exam list below until your case has been submitted to Immigration, Refugees and Citizenship Canada (IRCC). This may not occur until all results are finalised after you have left the clinic.

Your health case will be submitted to IRCC for processing once all your health examinations are completed. If you are required to complete further health examinations, you will be notified by IRCC once your case has been assessed. For further information on IRCC's health assessment process, please see: <http://www.cic.gc.ca>

Note:

- **Once a panel clinic has submitted your health examination results to IRCC**, any further queries about your visa application and/or your health examination results should be directed to your visa officer. Staff at a panel clinic will **not** be able to help you with these queries.
- **If you have not yet lodged a visa application**, you must provide the health identifier on the top of this letter (i.e. UMI, UCI, IME) to IRCC. Please make sure that you attach this letter to your visa application before submitting the form to IRCC. This will facilitate processing of your visa application.
