LETTER OF RECOMMENDATION

I Dr. MILIND.J.MORE Assistant Commissioner of A.H , District Government Veterinary polyclinic , Satara as a head in charge of the internee. I came across with Abhijit Vasantrao Nikam in satara Polyclinic. He possessed the quality of a good veterinary doctor and knowledge regarding the diagnosis and treatment where quite impressive. Handling from birds to domestic animals and giving them treatment with proper care, working in pressure and professionally made him everyone's favourite in the clinic. I found that during internship period, he maintained a good team spirit as well as good relation with other interns and senior doctors.

Vaccination of cows and buffaloes which was held by the Animal Husbandry Department of Maharashtra he vaccinated cows and buffaloes and covered more than three villages areas in Satara . Independently he carried out the vaccination one can trust his hardworking nature and caliber Taking X-ray of animals and also Assisted senior pathology doctor in the pathology lab he performed laboratory tests for animal disease control also performed necropsies on research animals holds ability of performing post-mortem examinations.

Skilled in performing injections, phlebotomy and other treatments. How late the work ends ready to give extra time and maintained all research information up-to-date and informed it to the management. Goes extra miles to understand and perform the work with up to the mark . Abhijit is one of the finest person who has strong character and values, which makes him more prominent in his career and profession he choice.

It's my pleasure to recommend Dr Abhijit vasantrao Nikam as I know him near by a year as professionally and personally surely his future learning in aboard university will help him in enhancing knowledge in field of veterinary and research .For the future reference details are mentioned below.

LETTER OF RECOMMENDATION

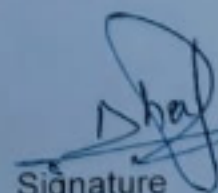

I am really happy to write this letter of recommendation for Mr. ABHIJIT VASANTRAO NIKAM, who is applying for Masters in Research in Clinical Veterinary Science at your esteemed University. I know Abhijit for more than four years since he joined the undergraduate bachelor's degree program in Veterinary Medicine at our University. I have particularly been very appreciative of the academic performance and the curious nature of Abhijit, whom I had the pleasure of teaching Veterinary Pathology during his Bachelor's program.

I found him to be an extremely sincere, studious, self-motivated, hardworking and gentle student. He has maintained good academic records during graduate studies. He has special interest in clinical veterinary practice and laboratory diagnosis. He has acquired thorough knowledge of hematological and serum-biochemical techniques and their diagnostic implications. He is also well acquainted with histopathology technique and identification of important lesions. He has showcased his interest in research through participation in 12th Interuniversity Research Convocation (*Avishkar*) held at MPKV, Rahuri, Maharashtra State, India. He has also participated in several animal health camps.

Even, he participated in extracurricular activities like sports, national service scheme, cultural activities like dance, debate etc. He has also represented Maharashtra Animal and Fishery Sciences University in State level interuniversity sports event (*Ashwamedh*) twice during his graduation in 2016 and 2017. During school days he has been state player of basketball.

With the awareness that I have for his interest in the subject, I can undoubtedly affirm that Abhijit wishes to learn about the different techniques and ways of working in the subject. I am confident about his ability to do full justice in the Master's program, as he is very serious about his career. Hence, I strongly recommend him for the highly-rated Master's program in at your esteemed University.

LETTER OF RECOMMENDATION

To whomsoever it may concern,

It is my pleasure and a matter of pride to write a letter of recommendation on behalf of **ABHIJIT VASANTRAO NIKAM** who is keen to pursue his higher/Masters Studies abroad. I have had a privilege to know **ABHIJIT VASANTRAO NIKAM** as an undergraduate student of Bachelor of Veterinary Science & Animal Husbandry (BVSc & AH) degree program at KNP College of Veterinary Science Shirwal, Satara, Maharashtra, India. He had been to our institute during 2015 to 2020 and I have taught him three courses under the discipline of Veterinary Public Health & Epidemiology.

I could find **ABHIJIT VASANTRAO NIKAM** as a very sincere and hardworking student during his undergraduate studies. His exemplary commitment towards his work and dedicated passion to achieve goals are commendable. He has great ability to articulate thoughts and convincingly able to support research activities proactively.

During his tenure at this institute, he has actively participated in various training and demonstration activities of the Department of Veterinary Public Health & Epidemiology. His honesty, social behavior, kindness and dedication definitely makes him a good human being and one of the bright students of our institute. He has capacity to accomplish the desired goals in odd situations too.

I assured that **ABHIJIT VASANTRAO NIKAM** would be an asset to the organization wherever he will pursue higher studies and will bring laurels to the organization.

To the best of my knowledge he bears a good moral character.

I wish him a great success in his future endeavors.

DR. R. P. KOLHE
