

BHASWANTH TALUCHURU

- Ph: +91 8610280009
- talachurubhaswanth1998@gmail.com

Objective

- Undergraduate in Electronics and Communication Engineering seeking to find an exciting opportunity to learn and grow along with organization by leveraging my technical abilities, problem learning skills.
- Graduated from RMK college of Engineering and Technology – 09/2020.

Technical Qualifications

- Programming languages: Basics in C, Python
- Software Applications: Microsoft Suite (Excel, Word, Access, Power Point, Outlook)
- Database Management: PL/SQL and Oracle, MySQL.
- Operating Systems: MS Windows, UNIX.

Relevant Coursework

- Statistics and Dynamics, Network Analysis, Data Modeling
- Advanced Engineering Math, Quality Assurance

Course Projects

- The IoT based on leaf detection using Arduino and Embedded programming for Farming Agriculture
- Arduino radar to detect other vehicles while driving to avoid accidents
- Presented Technology paper on Arduino based and secured 3rd prize at RMK Engineering College
- Explored and researched using IoT based agriculture

SOFT SKILLS

- Effective communicator
- Quick
