

UK is the second most preferred overseas education destinations in the world, only next to USA. The education system here is the testament of time. UK is like experiencing a high profile urban lifestyle and enjoying the diversity, complexity, civic infrastructure and social exchange while enjoying beautiful ancient yet modernized cities and delicious food with the liveliest population to be around.

STUDENT LIFE

UK has never lost its charm with the student community. UK has been a preferred destination for students from India. As an international student, you may come across a lot of enriching experiences which could help you discover a new dimension to your personality.

ELIGIBILITY CRITERIA

One is expected to have obtained a first or good 2:1 (or international equivalent) in a directly related subject and you'll need to speak English to at least IELTS 6.5 level for most courses.
