TO WHOM IT MAY CONCERN

PROFICIENCY IN ENGLISH

This confirms that **Miss Mary Abenawa Techiesiwa Amoah (BS/FSC/16/0012)**, who is seeking admission into your institution, is a past student of this University. She was admitted in 2016 to pursue a 4-year Bachelor Of Science (Forensic Science) programme after satisfying the minimum entry requirements, including a credit pass in English Language.

She wrote and passed the final examinations in 2020 and was accordingly admitted to the degree of Bachelor Of Science (Forensic Science) with First Class Honours.

The medium of instruction and examination at all levels of education in Ghana is English Language. **Miss Amoah**, like all students of this University and its affiliate institutions, was taught and examined in English. It is therefore our view that **Miss Amoah's** proficiency in English is of a level that will enable her to interact very effectively and efficiently as well as undertake further studies in any area of her choice without any difficulty. In fact, on the Common European Framework of Reference for Languages (CEFR) Global scale, her level of proficiency is equivalent to C1C2.

We should therefore be very grateful if you could extend to her any assistance she may require. A photograph of **Miss Amoah** is shown below for your attention.

Thank you.

(MARY OWUSU OBIMPEH, PhD)
