

UK is the second most preferred overseas education destination in the world, only next to the USA. The education system here is the testament of time. Universities like Cambridge have shaped modern education which we receive today. Living and studying in the UK is like experiencing a high profile urban lifestyle and enjoying the diversity, complexity, civic infrastructure and social exchange while enjoying beautiful ancient yet modernized cities and delicious food with the liveliest population to be around. UK universities rank amongst the best international universities in the world. With regard to life and career, a degree from an affiliated institution is highly appreciated by employers everywhere in the world. A promising stable career surely will secure students' future..

STUDENT LIFE

UK has never lost its charm with the student community. UK has been a preferred destination for students from India. As an international student, you may come across a lot of enriching experiences which could help you discover a new dimension to your personality. You will have opportunities to meet new people and discover new places. Many colleges and institutions have an international society to help foreign students. These societies offer social programmes such as festive celebrations, parties, get-togethers and trips to local tourist destinations..

STUDY ABROAD

ELIGIBILITY CRITERIA

One is expected to have obtained a first or good 2:1 (or international equivalent) in a directly related subject and you'll need to speak English to at least IELTS 6.5 level for most courses.
