

Canada is known for its quality education, competitive entry requirements. The country is a peace-loving, friendly, caring, and secure society. Students who want overseas education recognize the value proposition it offers—high quality institutions at an attractive price in a safe, multicultural, progressive, and welcoming atmosphere. They appreciate Canada's excellent combined offer of high quality education with opportunities for working both while and after studying, and the chance to possibly immigrate upon completion of study.

# STUDENT LIFE

Student life in Canada is very exciting and fascinating. There is no shortage of shopping malls, art galleries, theaters, cafeterias, and exhibition halls in the urban areas. Its cities and towns are rich in public gardens, beaches, parks, sports. Most of the universities keep campus security for the whole day and leisure facilities.

# ELIGIBILITY CRITERIA

The minimum TOEFL score is 80-84 for PG courses. Minimum aggregate marks of 70% in 12th grade for bachelor's degrees. Most universities require a qualification equivalent to the Canadian bachelor's degree, which requires 16 years of formal education.
