Subject: Letter of Recommendation - Hirshith Gowda

To Whom It May Concern:

This letter is with reference to Mr. Hirshith's application for Masters at your esteemed university. Hirshith has been working with me at Valenta BPO Solutions for the past 7 months as a Paraplanner. Hirshith is a very dedicated and committed individual who is a quick learner and has the ability to turnaround work quickly. He has exhibited a keen interest in learning new tasks, enhancing his knowledge and growing professionally in the last seven months.

Hirshith's role as a Paraplanner involves preparing financial plans and reports for financial advisors based on the strategic advice provided by them. He was very quick in understanding the concepts of financial planning and product information and deliver the best output for the client. Hirshith possesses solid writing skills which have enabled him to compose quality documents necessary for the client.

He is committed to his work and can take on difficult tasks and perform under pressure when necessary. Based on my short experience with Hirshith, I believe he has the necessary qualities required to complete the course successfully.

Please feel free to contact me if you have any questions in his regard.

Sincerely,

Julie Abraham

Team Manager - Paraplanning
